Dear The Federal Communications Commission,

I do not want to pay more for my Tracfone service! I urge you to keep like it is. I feel that Tracfone keep people to have good credit, even if you do or don't have good or bad credit. So I rather not add any more additional money to Tracfone prepaid wireless airtime at all.

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,
